### **Andrew Divoff, Tom Savini, and Jason Carter join the cast of *The Dead Matter*.**

Midnight Syndicate Films has announced its first cast signings for the upcoming supernatural horror thriller, *The Dead Matter*, directed by Edward Douglas (Midnight Syndicate) and produced in coordination with Robert Kurtzman's (KNB FX, *Dusk Till Dawn*) Precinct 13 Entertainment.

Andrew Divoff (*Wishmaster*, *Air Force One*), who was seen most recently as the eye-patch-wearing villain, Mikhail Bakunin, on ABC's *Lost* and will be seen in the upcoming film, *The Rage*, will be joining the set of *The Dead Matter* as the character, Vellich, after completing work on a new, untitled, Steven Spielberg movie that is scheduled for release in May of 2008.

Vellich's arch-nemesis, Ian McCallister, will be played by Jason Carter whose career spans everything from his renowned portrayal of Marcus Cole on *Babylon 5* to characters on shows like *Beverly Hills 90210*, *Angel*, *Charmed*, *Third Rock from the Sun*, and in films like *Demon Under Glass*.

Horror-FX legend Tom Savini (*Dusk Till Dawn*, *Dawn of the Dead*), a fixture in the genre for over thirty years and seen most recently as Deputy Tolo in *Grindhouse*, will be portraying the devious vampire overlord, Sebed.

After wrapping production on his upcoming film, *Ghoul*, in April, producer Gary Jones (*Xena*, *Army of Darkness*) and producer, Edward Douglas, began pre-production for *The Dead Matter*. Principal photography will begin this August in Mansfield, Ohio.

The FX team at Precinct 13 has already begun work on what promises to be a visual treat for audiences. Photos and teasers will be available in the next month.

Look for more major cast AND crew announcements in the next week.
